

5th October 2015

Dear students and parents,

Following the success and fantastic results attained by students who attended the Fast Track Theory Clubs I held during May and June, I have decided to expand the concept and offer more group gatherings.

As you all know, during a short piano lesson, theory sometimes gets left behind and to take Grade 6 Piano you must have Grade 5 Theory, so including theory every week is essential.

New to this term are 'Music Lessons Anywhere Masterclasses'. These sessions will focus on ABRSM exam pieces. Students will meet online to play the focused piece for each other with tips from teacher Tracy Rose and discuss it.

These Masterclasses are a great opportunity to meet other students around the world who are playing the same pieces. It is also a great opportunity to practise performing in public before your exam. You may also make new musical friends and arrange your own get-togethers.

The following events are available to all students who take lessons with Music Lessons Anywhere at no extra charge. Please book in advance.

More than 3 students per session are needed to run the events.

All the following events will take place on Google Hangouts. Information on how to use Hangouts is here: <http://www.google.com/+learnmore/hangouts/>

You can find my page here: <https://plus.google.com/+TracyRoseMusiclesssonsanywhere/posts>

If none of the following events are suitable for you, there will be more coming soon!

Hope to see lots of you there!

DATE	EVENT	DETAILS
