Sibelius or Cubase Correspondence Lessons

Designed for especially busy students!

If you're unable to commit to regular weekly lessons, we are able to provide you with his expertise and quality teaching by video, audio recordings and email!

Introduction

With fewer, but flexible contact teaching hours and time made up through tuition-by-email, you can learn at the same pace as if you were taking regular weekly lessons.

Our regular batch of four lessons is made up of 4x 60 minute lessons (a total of 240 minutes).

Our Sibelius and Cubase Correspondence Lessons offer the same block of time that your teacher would spend teaching you, but divided between contact lesson time and correspondence tuition.

Choose lesson times which suit you

You can arrange when you would like to schedule your contact lesson or lessons.

The Correspondence Lessons offer either one or two contact lessons, with the rest of the time made up through correspondence tuition.

Correspondence tuition

You can send material such as videos, audio recordings, scores etc, for assessment, accompanied by typed notes and questions, to your teacher.

When your teacher begins spending time on the emailed correspondence (reviewing it, researching material to be sent back, responding, etc) he starts counting the time he takes.

With the correspondence tuition material that your teacher returns to you, they will also notify you of what time is left in your block of time. You will then know exactly how much correspondence tuition time remains in the block.

For speed of production, your correspondence tuition from your teacher will take the form of videos and audio recordings. This media may make it faster for your teacher to record your tuition material, thus you will receive more tuition for your time. Scans, screen grabs, typed notes etc, may also be included.

Sibelius or Cubase Correspondence Lessons prices

Prices are the same as for the time you would receive for regular batches of four lessons:

60 Minute Correspondence Lesson - £160:

1x 60 minute contact lesson + 180 minutes tuition-by-email

or

2 x 60 minute contact lessons + 120 minutes tuition-by-email

Terms

Each Correspondence Lessons package runs for one calendar month and is valid for one month only.

The month begins from the date that payment is made (eg. if you pay on 3rd October, the Lesson time allowance is valid until 3rd November).

The Correspondence Lessons run from month to month but a month's break occasionally, for holidays, other commitments etc, is acceptable.

No credit for time from one month may be carried over to the next month.

Contact lessons can be pre-booked any time after payment is made, with arrangements made between your teacher and yourself. Contact lesson days and times are dependent on your teacher's availability.

You will receive lesson notes after a contact lesson, as usually supplied with regular lessons (within 24 hours of the contact lesson).

Tuition time by email is flexible and need not be pre-booked.

Once the lesson day/s/time/s are confirmed they are fixed and inflexible.

However, inflexibility of pre-booked lessons is up to your teacher's discretion.

Your teacher might be able to reschedule a pre-booked lesson, if you are unable to attend, providing you give more than 24 hours' notice. But your teacher is not obliged to reschedule any pre-booked lessons.

A record of time for tuition-by-email, for each student, is kept by your teacher. Although you will be informed of how much time you have remaining, you may ask to view this at any time.

When your teacher begins spending time on the emailed correspondence (reviewing it, responding, researching material to be sent back etc) they begin to record that time they spend working.

Your teacher will return your correspondence tuition by email within 3 days of your sending material to them. You may contact your teacher and Tracy if your correspondence tuition is late for any reason.

Have fun learning with us and if you have any questions, please just ask!
